

Transfer .co, .uk, .mx, .pro, .tv and Other Domain Extensions to Arvixe

Written by Sefket Nouri | Monday, 7 October 2013 12:00 AM

How to transfer .co.uk, .mx, .pro, .tv and other domain extensions to Arvixe

For .Us Domains: (Can be used as a Free domain)

- Domain is over 60 days old
- Disable Private Registration
- The contact email in the whois information is valid and accessible by you (you can check this from <http://whois.domaintools.com/>)
- Domain is unlocked
- Contact your Domain Registrar for your Authorization Code. Afterwards, contact us and we'll initiate the domain transfer for you.

For .Co.Uk Domains: (Can be used as a Free domain)

- Domain is over 60 days old
- Disable Private Registration
- The contact email in the whois information is valid and accessible by you (you can check this from <http://whois.domaintools.com/>)
- Contact your Domain Registrar and have them change your IPS tag to "ENOM" without quotes then contact us and we can initiate the domain transfer for you.

For .Org.Uk Domains: (Can be used as a Free domain)

- Domain is over 60 days old
- Disable Private Registration
- The contact email in the whois information is valid and accessible by you (you can check this from <http://whois.domaintools.com/>)
- Domain is unlocked
- Contact your Domain Registrar for your Authorization Code. Afterwards, contact us and we'll initiate the domain transfer for you.

For .Fr Domains: (Can be used as a Free domain)

- Domain is over 60 days old
- The contact email in the whois information is valid and accessible by you (you can check this from <http://whois.domaintools.com/>)
- Contact your Domain Registrar for your Authorization Code. Afterwards, contact us and we'll initiate the domain transfer for you.

For .Ca domains: (Can be used as a Free domain)

- Domain is over 60 days old
- Disable Private Registration
- The contact email in the whois information is valid and accessible by you (you can check this from <http://whois.domaintools.com/>)
- Domain is unlocked
- Contact your Domain Registrar for your Authorization Code. Afterwards, contact us and we'll initiate the domain transfer for you.

For .Pro Domains: (Can be used as a Free domain)

- Domain is over 60 days old
- Disable Private Registration
- The contact email in the whois information is valid and accessible by you (you can check this from <http://whois.domaintools.com/>)
- Domain is unlocked
- Contact your Domain Registrar for your Authorization Code. Afterwards, contact us and we'll initiate the domain transfer for you.

For .Mx domains: (.Mx domains are \$45.00/year to register and \$40.00 to transfer. Other TLDs are priced as stated. This domain is not available as a free domain.

Unfortunately, there is no Private Registration for .Mx domains due to registry restrictions.
